INDIAN TRIBES AND ALASKAN NATIVE VILLAGES

Revenue Sharing Payments; Allocations, Data, and Verification Procedure

The Department of the Treasury is publishing herewith a listing of the Indian tribes and Alaskan Native villages determined eligible to receive revenue sharing funds, the payments received by each, the data upon which such payments were calculated, and the procedure by which such data may be questioned. These payments represent the amount of funds due for the first two entitlement periods (January 1, 1972 through June 30, 1972, and July 1, 1972 through December 31, 1972) under title I of the State and Local Fiscal Assistance Act of 1972 (Public Law 92-512).

The same initial withholdings which applied to other revenue sharing recipient governments are reflected in the payments listed below. That withholding includes a 1 percent withholding for the first entitlement period and a 5 percent withholding for the second entitlement period. Those amounts have been reserved for the purpose of making any adjustments which may be necessary. All amounts withheld will be paid after the Department is satisfied with the accuracy of the data upon which these payments were calculated. The payments are subdivided by county area to facilitate compliance with section 123(a)(8) of the Act requiring Indian tribes and Alaskan Native villages to expend revenue sharing funds for the benefit of members of the tribe or village residing in the county area from which the allocation of the funds originated.

Allocations to each tribe and village are based upon the population on April 1, 1970 of tribal or village members living on tribal or village land. If tribal or village governments have reason to believe that there are errors in this data, as of that date and by that definition, they should so inform the Department in writing and provide the Department with whatever substantiating evidence is available to them no later than March 15, 1973. If the Department has not been so informed on or before that date, the data elements published herein will be determined to be correct and as such will constitute a final determination by the Department.

Upon receipt of any written response from tribal or village governments the Department will, as timely as practicable, confer with the Bureau of the Census and the Bureau of Indian Affairs to substantiate or correct all data questioned, and such governments will be advised of the Department's findings. Those findings will constitute a final determination of the tribe's or village's revenue sharing entitlement unless, within 60 days from the date of those findings, such tribe or village advises the Department that there may still be a possibility of error, and submits additional evidence and documentation supplying the basis for that view. Any such additional evidence and documentation submitted will be carefully reviewed and a final determination will be made by the Department regarding the entitlement.

In order to assure equitable treatment of each recipient the books on the first and second entitlement periods will be kept open until all evidence and documentation submitted during the time periods referred to above have been reviewed, data determined to be erroneous corrected, and necessary adjustments made.

The data listed below is ordered by tribe and village revenue sharing account number, and an alphabetical index of these numbers is included.

[SEAL] GRAHAM WATT,
Director,
Office of Revenue Sharing.

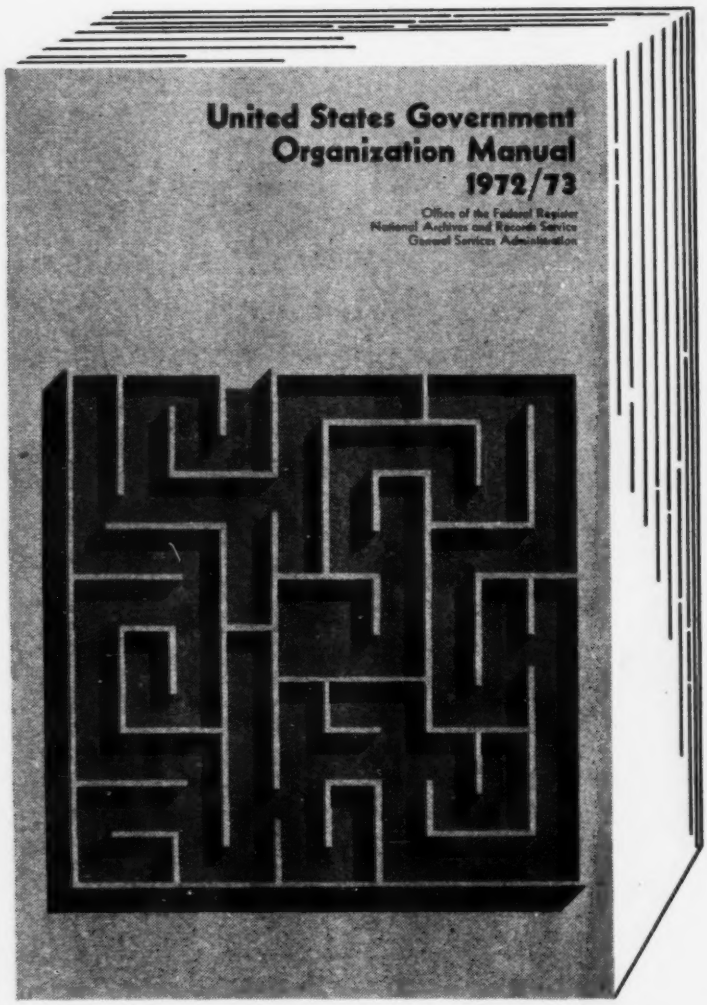
An Invaluable Reference Tool



1972/73 Edition

This guidebook provides information about significant programs and functions of the U.S. Government agencies, and identifies key officials in each agency.

Included with most agency statements are "Sources of Information" sections which give helpful information on:

- Employment
- Contracting with the Federal Government
- Environmental programs
- Small business opportunities
- Federal publications
- Speakers and films available to civic and educational groups

This handbook is a "must" for teachers, students, librarians, researchers, businessmen, and lawyers who need current official information about the U.S. Government.
